HP iPAQ 212
Enterprise Handheld

MOBILISE YOUR BUSINESS PROCESS, MAXIMISE YOUR RESULTS

IN TOUCH. INFORMED. IN STYLE.

ENLARGE YOUR BUSINESS FRONTIER

Make your business entirely mobile with advanced technology. Experience the HP iPAQ 212 Enterprise Handheld—a powerful and stylish handheld computing device that makes an inexpensive alternative to other enterprise handheld platforms.

Representing a new standard for enterprise handhelds, this PDA packs a host of business-worthy features including an impressive 4-inch touch screen display, advanced connectivity, and one powerful processor capable of running a variety of enterprise applications with ease.

With its blend of functionality, ease-of-use, and productivity benefits, it's time to say hello to a new era of mobile enterprise computing with the HP iPAQ 212 Enterprise Handheld.

ENTERPRISE-CLASS MOBILITY

Enterprise-class functionality

Experience the power of Windows Mobile 6 Classic and a platform designed to work with an array of enterprise applications. These include applications for email[1] and line-of-business.

Visual magnificence

Scroll through all your data comfortably by enjoying better visibility with a luxuriously large 4-inch TFT touch screen display. Regardless the environment, it is comfort for your eyes.

Enterprise-class connectivity

Easily sync with your PC via mini-USB or Exchange server with Wi-Fi connectivity. Also connect conveniently to various peripherals with Bluetooth® 2.0 with EDR. In addition, you can enjoy unique business solutions with the new HP 24-pin Connector*.

* Sold separately.

Sophisticated networking

Advanced 802.11b/g wireless networking capabilities gives you easy connection to the Internet, email and corporate data when in the office or a variety of hot spots such as airports, cafes or hotels.[1]
